FOCUS ON TOWNSVILLE:

This month we have many great new offers and Supplier Members to introduce. Everything from great retail outlets to digital photographic supplies...health services to home building...car detailing to restaurants. Can anyone think of a better place to start than with some fantastic new restaurants! I didn't think so!

If you've traveled down to The Strand recently you may have noticed a brand new dining experience at the Kissing Point end. With many years of hospitality between

them, John, Claudia and Perry have brought the Odyssey to the Strand! They would love to have your company, and as a gift to *A-List*™ members, are offering a complimentary glass of Odyssey red or white wine for both diners, when two main meals are ordered!

Speaking of fantastic new additions to the Townsville dining repertoire...our recommendation is that you should meet Craig and Chelsea at Table 51! With a fantastic breakfast offer of complimentary coffees (check website for details) or coffee and desert tasting platter for two when ordering two mains for lunch or dinner! Yuuuummmmm!!!

Alexis and her staff would love to welcome all *A-List*™ members. Dine with a friend for dinner, and complimentary coffee and desert is heading your way...if you can fit it in! If a light lunch is more your thing, dine with a friend and complimentary non-alcoholic beverages are ...a good choice for those who still have to go back to work!

FOCUS ON MACKAY:

With so many new supplier members joining us in Mackay since the launch of A-List™ in the region, we thought we should take this opportunity to introduce a couple more to you this month:

Meng Tyre Sales Mission is... Identify the customers' needs and supply them with the required product, which will give value for the dollars invested & supply superior service. With three great locations in Mackay, Victoria Street, Paget and Sarina, Col Meng and the team have some great offers available for A-List™ members...check out the website for details.

Words of Wisdom from Colin Meng, Owner:

"How do I get more kilometres from my tyres?"

It's simple to save money on Tyres. Lets face it most of us hate having to purchase new tyres...but we're always glad when we have. At Meng Tyre Sales we'll show you ways to get more out of your tyres.

Try always keeping your Tyre pressure correct. Studies show that if your tyres are just 3 to 4 psi below the correct pressure your tyre life will decrease by up to 10%, as well as increase your fuel consumption. Combine correct pressure with regular wheel alignment and you will enjoy greater kilometres, save money and improve your vehicles safety.

MENG...Adding life to your vehicle
